

Hal Leonard Student Piano Library Correlation to Music Ace Deluxe®

The following pages provide a correlation between the Hal Leonard Student Piano Library *Piano Lessons* method books and the *Music Ace Deluxe* software product from Harmonic Vision.

Music Ace Deluxe consists of 36 lessons and 36 games that teach music theory fundamentals to beginning music students. Although the product is designed to be used by students learning any instrument, it makes significant use of the piano keyboard as a means of presenting musical concepts.

In the tables that follow, the Hal Leonard *Piano Lessons* unit and page number is shown in the left-hand column. The corresponding *Music Ace Deluxe* lesson(s) are shown in the right-hand column of the tables. Each *Music Ace Deluxe* lesson is divided into multiple sections. The right-hand column indicates the specific lesson and section.

For example, an entry in the right-hand column of "L7" indicates *Music Ace Deluxe* lesson 7 all sections. "L5(1,2)" indicates *Music Ace Deluxe* lesson 5, sections 1 and 2. Similarly, "L15(2-4)" indicates *Music Ace Deluxe* lesson 15, sections 2 through 4.

Each *Music Ace Deluxe* lesson has an associated game that provides the student with exercises that reinforce the concepts taught in the corresponding lesson. In general, the game material is closely related to the lesson material and will therefore also support the various concepts presented in the Hal Leonard *Piano Lessons* method books.
